

# ARIZONA STATE UNIVERSITY SCHOOL OF ARCHITECTURE + LANDSCAPE ARCHITECTURE

## INTERNSHIP PROGRAM

The School of Architecture and Landscape Architecture's (SALA) professional internship program provides the landscape architecture student with the experience needed for entrance into the world of professional practice by spending a minimum of 200 hours interning in a landscape architecture firm. The student receives University credit for this work experience. The school's role as a professional level program in architecture and landscape architecture is to provide the student with design and technical subject matter. The school is also responsible for the examination and evaluation of the student in these subject areas, and to provide an atmosphere conducive to the development of a professional attitude.

It is the responsibility of the profession and professional schools to provide an internship program that offers varied opportunities for experience representative of the diversity of office practice. It is SALA's responsibility to the student to evaluate the experience, knowledge, and judgment gained during the internship program. We require this experience, or an equivalent academic experience, for all professional level students before they graduate. The students greatly benefit from this exposure to professional practice and culture.

### INTERN'S RESPONSIBILITIES

It is the intern's responsibility to secure an internship with a firm that has a licensed landscape architect, and to contact the internship employer or site upon securing internship employment, to verify all office hours, and to honor all office policies. It is also the intern's responsibility to represent the School of Architecture and Landscape Architecture through a conscientious and professional attitude as expressed in his/her personal manner and appearance.

### PRACTITIONER'S RESPONSIBILITIES

It is the responsibility of the firm to give interns a broad exposure to a full range of professional practice activities, provide meaningful task assignments and guidance, and assign a senior-level person as the intern's supervisor.
